# Tent 3×3
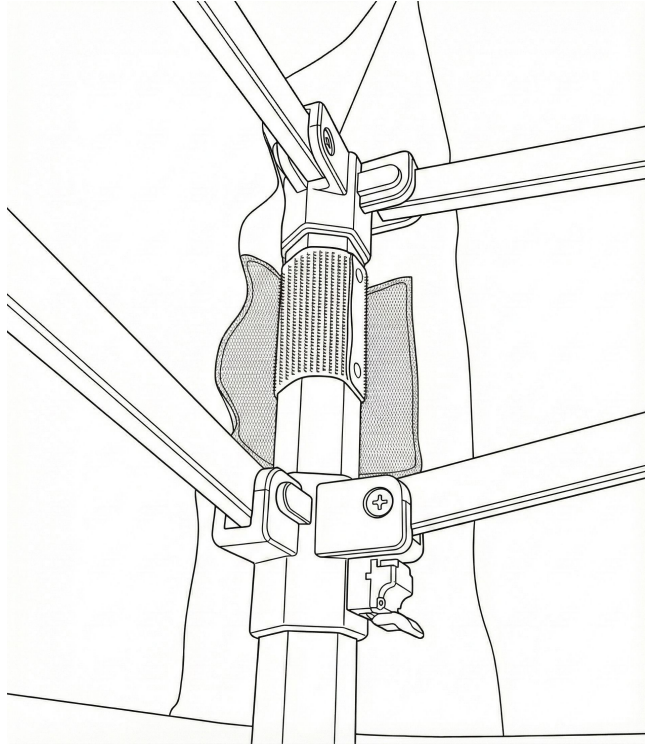

Mounting Instruction

1 Gently expand the frame.

2 Place the roof cover on top.
Lift the frame legs upwards until they lock with a audible "CLICK".
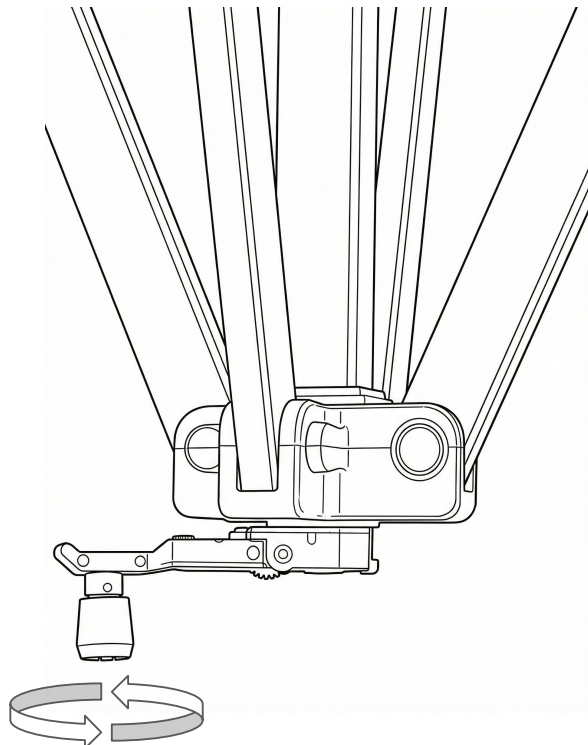

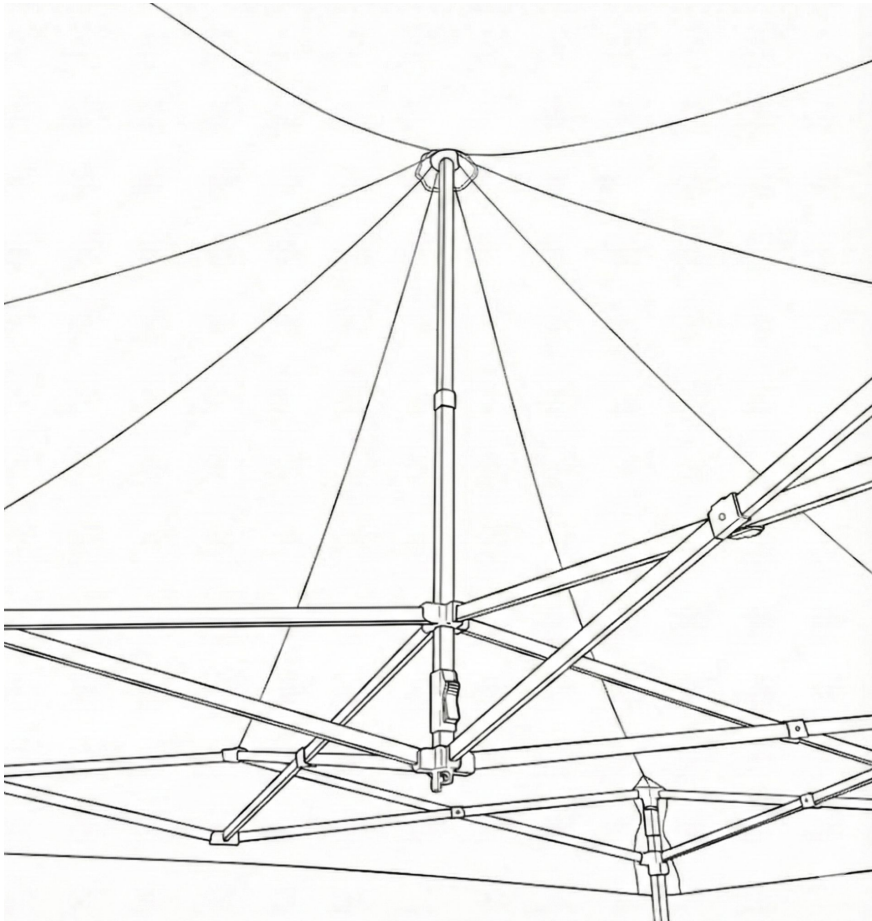

3

Secure the roof corners by attaching the Velcro strips to the frame.

# 4

Tension the center pole by turning the crank handle.

5

6

(Optional): To anchor the tent, clip the carabiner straps to the corners, tighten the lines, and drive the pegs into the ground.
